Dear Parents,

Hello, to another week. We had some gorgeous hot weather last week which meant fun with water at home and at school. Teachers are busy writing reports at the moment, so make sure you send in your children's comments so they can be included. Thank you.

Kind regards, Mrs Fountain

**Our
Super Y6's
having fun
on 'FUN
FRIDAYS'
with a
water battle
and a disco.
More to
come!**

Fabulous art work

Disco lights and cooking

**Shout-outs this week for excellent work at
school and home**

Class 1

Hugo—Good phonics work.

Evie—Amazing butterfly doubling work. Well done!

Class 2

Toby—Lots of research and learning about famous people.

Huxley—Great maths work and writing about Queen Elizabeth I.

Callum—Completed some super exciting experiments.

Sophie—Amazing Maths and English practise.

Class 3

Austin C—Improvement in athletics.

Mae—Excellent standard of work.

Austen F—Super maths.

Class 4

Lauren—Fantastic art—she listened carefully to the instructions.

Megan—Being great fun and getting everyone wet in the water fight with her massive water gun!

Ava B—Great designs for an alien and an alien spaceship.

Erin—Beautifully presented poster about Neptune and its distance from other planets.

****Crazy Facts****

- We are about 1 cm taller in the morning than in the evening. Layers of cartilage in the joints gets compressed during the day.
- There are approximately 550 hairs in the eyebrow.
- You breathe about 10 million times a year.
- A baby is born every seven seconds.
- The hardest bone in the human body is the jawbone.

****Good News Blog****

- Eight years after she was shot by the Taliban for campaigning for girls in Pakistan to get an education, Malala Yousafzai finished her degree at Oxford University. She is also the world's youngest Nobel Peace Prize recipient. Her aim is to continue to speak out until every girl in the world receives an education.
- NASA will rename its headquarters after the first Black female engineer, Mary W. Jackson who broke racial and gender barriers to help US astronauts into space.

Cooking and Science—honeycomb from sugar, which turned to liquid, then set hard in a mould

A few examples of the excellent work from Class 3 this week

Never Give Up

Refugee poetry and drawing

Hunsbury visit—Learning about the Iron Age

Paper weaving

A Celtic knot

Chocolate and jelly experiment
